

The PPC of OLOG would like to invite parishioners to register to provide services in the OLOG church. The church maintenance covers many areas and we would like to register parishioners and their friends who are interested to provide these services to make the job of maintenance to be shared by all. A briefing for all registered will be organised after all information have been compiled.

**Areas of services needed**

- Minor works
- Electrical work
- Metal works
- Wood works
- Masonry
- Cleaning
